### About the artwork

Rise Désir II – Terre de Feu, embodies the quiet power of aspiration. Its sculptural form rises from a grounded base, unfolding through fluid curves into an open gesture that feels suspended between stillness and transformation. The movement is both deliberate and instinctive, capturing a fleeting moment just before it changes.

Handbuilt in stoneware, the piece is finished in Terre de Feu, where warm earthy tones emerge beneath softly darkened edges. The contrast enhances the flowing contours, emphasizing the dialogue between strength and delicacy, structure and freedom.

As part of the Rise collection, Rise Désir II reflects the emotions that lift us upward: hope, longing, and quiet determination; preserving them in a timeless sculptural form that invites contemplation from every angle.
