About the artwork

The Wave Flow Mistral Royale: "Where the softness of a sea-born breeze, with white and misty aqua, blend gently across the curves."

Inspired by the shifting currents of air and wind, these pieces are captivating studies in motion and lightness. Through a meticulous, time-intensive process, the ceramic is shaped into continuous, fluid lines that echo the graceful flow of the atmosphere. The result is a striking statement piece that brings the sublime, airy elegance of nature into your space.
