About the artwork

This work reflects the inner weight of depression, where fear and doubt begin to distort one's sense of self. The hand symbolizes that pressure , both internal and external, that hides and reshapes identity. The face appears fragmented, caught between vulnerability and resistance. Yet within this tension, a shift begins to emerge. Breaking through becomes an act of courage, not strength. It is the quiet decision to confront fear and try again.

Medium:	Painting
Materials:	Acrylic on Canvas
