About the artwork

The Wave Flow Clair De Lune Royale: takes its name from moonlight at its most regal — a quiet, luminous moment where darkness and light meet in perfect balance. Deep midnight tones are softened by subtle pearlescent highlights, recalling the glow of the moon as it drifts across a still night sky.

Inspired by the shifting currents of air and wind, these pieces are captivating studies in motion and lightness. Through a meticulous, time-intensive process, the ceramic is shaped into continuous, fluid lines that echo the graceful flow of the atmosphere. The result is a striking statement piece that brings the sublime, airy elegance of nature into your space.
