About the artwork

"The Big Day" reflects the timeless dream of love and new beginnings. Soft tones of pink and white, adorned with lace and geofabric, evoke femininity and innocence. The lace, a symbol of women's beauty, reveals the delicate strength within its intertwined openness — breathable, embracing, and seeing through, like the nature of women. The fabric, with its absorptive quality, mirrors the depth of emotion and the capacity to hold love, memories, and transformation. The work celebrates a woman's passage into her own story — her family, her future, herself.
