**About the artwork**

Rift ae ??? is part of Ali Kaaf's ongoing Rift series (2011–2025), comprising large-format works that employ paper, ink, and fire. Marked by dramatic burnt edges, the compositions form layered, skin-like surfaces in which space is defined through absence. The deliberate interruption of the pictorial field generates a tension between opposites, solid and void, presence and absence, action and silence, movement and stillness, through which a sculptural volume emerges via a process of meditative destruction.
